

Week Ten: June 8-11, 2020 Colour each box as you complete the activity.

	Monday	Tuesday	Wednesday	Thursday
Literacy	Listen to <i>How Do Dinosaurs Go to School?</i> on YouTube (see our website for the video). Draw a picture of a dinosaur at school. Label the dinosaur and other objects in your picture.	Listen to the Jolly Phonics songs on YouTube. (See our website for the linked video). Can you think of a dinosaur that starts with each letter? See the Other Ideas section from today for help.	Write the letters DINOSAUR down the edge of your paper. Try to think of a word that starts with each letter in DINOSAUR and write it beside that letter with Kindergarten spelling.	Go to Epic. Listen to <i>We're Going On A Dinosaur Dig and Dinosaurs</i> (National Geographic). Email your teacher if you need your invite to Epic resent.
Numeracy	Divide a piece of paper into ten boxes. Write the numbers 11 to 20 in the boxes. Repeat. Cut out the boxes and use the cards to play a matching game.	Roll a dice and practice subitizing by saying the number you see on the dice without counting. Roll two dice. Can you add the two numbers together?	Use a deck of cards to play 'Go Fish' with your family member. Practice your subitizing skills when looking at the cards.	Use 3D shapes in your house to build a dinosaur. Try using cans, boxes, toilet paper rolls etc. Count how many cubes, cylinders, and spheres you used.
Play	Go in your backyard and play like you're dinosaurs with your family. How many places can the plant eaters hide from the T-rex?	Google Brachiosaurus and look at pictures of it. Take 36 steps down the sidewalk. You have walked the length of a Brachiosaurus!	Go to Andy's Dinosaur Adventures Playlist on YouTube (linked on our website). Watch some of the videos to learn more about dinosaurs.	Bury and dig up dinosaur toys or other toys in the sand or dirt in your backyard like a paleontologist!
Other Ideas	Watch the "How To Draw A T-Rex" video on our website and draw as you watch. Colour in your T-rex, label it, and post it on Facebook or email!	Go to https://pbskids.org/dinosaur/train/fieldguide/ (also linked on our website) Click through the field guide to learn about different dinosaurs and see their X-rays!	Use a shoe box or tissue box to make a dinosaur diorama. See our website for examples. Post your diorama on Facebook or email!	Glue Q-tips onto a piece of coloured paper to create a dinosaur X-ray or dinosaur skeleton.
